Attachment: Replacement Sheets 1, 2, 3, 4, 5 of Figure 4

REMARKS

In a Notice of Allowability, the Examiner determined that drawings filed on January 2, 2004 designated as Figure 4 and labeled Sheet 1, 2, 4, and 5 are informal and objected to. Examiner required the submittal of new replacement drawings prior to issuance. In response, Applicant filed replacement drawings for sheets 1-5 of Figure 4.

Upon further review of Applicants replacement drawings, the Draftsperson required that Figure 4 be renumbered 4a, 4b, 4c, 4d, and 4e to correspond to each of the sheets and recommended that the Examiner be contacted to determine whether the specification should be amended.

Applicant's representative sought the Examiner's guidance and, as a result of the Examiner's guidance, has amended the specification to be congruent with the renumbered figure.

Applicant respectfully requests that Applicant's application for patent continue to issue.
